At the age of sixteen
I grew out of hope
I regarded the cosmos
Through a circle of rope

So I threw out my plans
Ran on to the school
And emptied my head
Of all childish ideals

The sleep of no feeling
The sleep of no being
The sleep of no dreaming

I married the first girl
Who wasn't a man
And smiled as the spiders
Ran all over my hands

Made a good living
By dying it's true
As the world in my TV
Leaked on to my shoes

Waiting...to be born again

Telepath Gurus trapped under stone
Brother mother pale body is thrown
Only way I know to have fun
Fill up my blood, my veins, my lungs

ESP city - rainy and blue
Born clean, the scum, I give it to you
Aero... shallow, photogenic blind
Stage Fright, black light, come divine

No sense of time
Sever tomorrow
Exitless mind - ESP
Sever someone

School out insecure, losing my value
Film shredding on a multiple screen
Antenna calls, I must go
Opiate saviour I feel that low

Data in my head
Surfing on the network
Part of me is dead

Swimming in the circuit
Somebody has exploded
This will be the future
Every home is wired
